## The STARRSCENE.... by APOLLO STARR

Detroit rocker, 'Legendary' Sirius Trixon, started the month off with a starr-studded birthday party given by **Scream** queen **Dayle Gloria** at ex-**Stray Cat Slim Jim Phantom's** soon-to-be famous **Cat Club** on the Sunset Strip. Attendees included **Jamie James** of the **King Bees**, **Gilby Clarke**, **Bernard Fowers** of the **Stones**, **Carmine Rojas** bassist for **Rod Stewart**, death metal 'icon' (?) **Twiggy Ramirez**, **Newlydead Taine Downe**, the **Burnett sisters' Carrie & Jody Hamilton**, **Led Zeppelin** siblings **Jason & Zoe Bonham**, chartreuse coiffed **Doo Dah** queen **Tequila Mockingbird**, girl band groupie/rock columnist **Jim Freek**, **Blondie** bandmates **Frank Infante** and **Clem Burke** (in the same room!), and even 70's teen sensation **Leif Garret**, doo rag an all. Even a special cake appropriately bearing the phrase 'Hands Off Fuckers!!' was provided by **Brianne Berry Gibson**....Once again **Joseph** and **Jason's** club **Makeup** (clubmakeup.net) was packed to the gills yet again, for last month's special **Blondie** Tribute night that included performances of **Blondie** covers sung by local and global nightclub stars such as platinum bombshell **Vylette** of **Astropanties**, **Gen** of the **Genitortures**, and Original **Blondie** drummer **Clem Burke** on...umm..drums, of course....On Mondays, the **Camaro** club at the **Viper** room is now packed more than ever and home to anyone and everyone who still believes in the **Heavy Metal** Dream of the 80s, when 80's metal cover band '**Metal Shop**' cranks out the loudest, hardest and most loved metal anthems to hit the **Sunset Strip** since 1985. Last month **Camaro** was host to a nite of all **AC/DC** covers when '**Big Balls**' performed live with a bevy of different

singers including 'real' American Gigolo **Jack Atlantis** who sang 'For Those About to Rock'. So when your not at **Scream** check out **Camaro** on Mondays to get the metal fix you know you need....**Webmaster** and the brains behind **HollywoodMonsters.net**, **Budgie**, finally celebrated the long overdue 1 year anniv. party of the website at the **Coconut Teaszer** where resident superstars **Bubble** (planetbubble.com) and **Jet 68** (jet68.com) performed to a sold out crowd of **Sunset Strip** rockers and a few web geeks who went to check out the action and try to get laid. The site has recently been updated and looks amazing, and be sure to check out all the gossip too hot to be published on paper, in my **Rock & Roll Rehab** column at **hollywoodmonsters.net**....Finally the long awaited return of **Club Vibrator** re-opened at the newly remodeled **7969** with a jaw-dropping performance from everybody's favourite starr-covered NY rocker **Coyote Shivers**(.com). The club featured stripper/go-go action on the stage all nite and the new 16' brass pole for the dancers was red hot due to all the action it was getting. **Rock and Roll Queen Pauley P.** from **Lo-Ball** and local media celebuntante glamour gals; **Kastle** from the **L.A. Times**, and **Lina Lecaro** from the **L.A. Weekly** were in attendance along with **Goldfingers** go-go-ette **Mistress BG** donning an \$1800 **D&G** gold metallic tube dress. I guess not everyone in the niteclub scene is broke, jobless and shops exclusively on **Melrose**, thank god.  
without love -Apollo Starr
